Bulletin of Environmental Contamination and Toxicology

# SUBJECT INDEX - VOLUME 69

Air
- asbestos during plaster removal 712
- contaminant binding to porphyrin complexes 41
- pollution in Haryana, India 690
- $SO_2$ derivative micronuclei formation, mouse 257

Aluminum
- glutathione transferase in mussel 147

Argemone Oil
- effect on rat brain 734

Arsenic
- in groundwater, Bangladesh 538
- leaching in soil 808
- toxicity to aquatic organisms 421

Asbestos
- glovebag containment system 843
- in air during plaster removal 712

Azadirachtin
- fate in a small forest lake 250

Azinphosmethyl
- ATP*ase* & malondialdehyde in liver 271

Benzene
- response-surface analysis, yeast toxicity 278

Benzofuran
- reduction in chloranil 459

Bioassay
- amphibian larvae more sensitive than fish 562
- aquatic macrophytes for pollution 82
- binding energies of porphyrin complexes 41
- chemical ratios & groundwater contamination 793
- differentiating metal & ammonia toxicity 576
- $EC_{50}$ of 17 pesticides to *Myriophyllum* 601
- effect of relevant oil levels, mink 593
- extraction methods for pyrethroids 123
- field application of biomarker for copper oxychloride 117
- for pesticide toxicity with *Drosophila* 35
- metabolic enzymes for pentachlorophenate 570
- sand crab for metal pollution 393

Biomarker
- contaminant binding to porphyrin complexes 41

Bioremediation
- Cd removal by cyanobacteria 632
- coffeeweed Pb extraction of soil 624
- degradation of aromatic & asphaltenic fractions 835
- effluent with maize cob carbon 195
- isoxaben in soil 779
- micoorganisms & PAHs 66
- oxfluorfen degradation 203
- photo-fenton reagent for wastewater 430

phytoremediation of Cd, Cr, Cu, Ni, Zn 74

Cadmium
accumulation in vole fetus 829
effect on teleost digestive enzymes 302
genetics & response of barley 219
fenitrothion interaction in a spider & a fly 586
in aquatic plants, India 649
induced apoptosis in glial cells 335
phytoremediation 74
removal by cyanobacteria 632
seasonal variation in plant leaves 320
toxicity of +2 to teleost 294
Cartap
urea & fish growth 908
Cerium
growth of wheat 727
Cesium
$^{134}$CS transfer to fruiting bodies 817
Chloranil
dioxins & benzofuran reduction 459
Chlorothalonil
persistence in soil 181
Chlorpyrifos
persistence in soil 181
Chromium
leaching in soil 808
phytoremediation 74
+ 3 & + 6 toxicity to cyanobacteria 286
toxicity of +6 to teleost 294
Cigarette
smoking, secondary smoke & birth weight 855
Copper
copper sulfate & copper-treated net toxicity to haddock 378
effect on lipid peroxidation & glutathione 885
leaching in soil 808
phytoremediation 74
tolerance of *Chlamydomonas* 546
toxicity of +2 to teleost 294
toxicity to sand crab 393
Copper Oxychloride
exposure biomarker 117
toxicity to tadpole 415
Copper Sulfate
toxicity to juvenile haddock 378
Cyfluthrin
residues on cotton 54
Cypermethrin
distribution in rabbit 749
effect on fish hematology 364

Diazinon
agricultural watercourses, B.C., Canada 59
persistence in tomatoes 479
Dicofol
testes toxicity, rat 741
Dioxin
reduction in chloranil 459

Edosulfan
effect on newt pheromone detection & glands 609
Effluent
alkaline pretreatment of sludge 869
Estrogen
anti activity of tire extract 863
Exposure
air pollution in Haryana, India 690
amines in cooked foods 682
asbestos glovebag containment system 843
chemical ratios & groundwater contamination 793
chemical transfer from carpet 436
corn processing & fumonisin content 471
Cu, Fe, Zn in pekmez, Turkey 330
dental impression material cytotoxicity 350
Hg exposure in Rio Branco City, Brazil 314
lead isotopes in white paint 617
PAH in suspended particulates, Brazil 173
pesticides in farmers' homes, NY, USA 155
pesticides in greenhouses 342
pesticides in infant formula, India 667
pesticides in peaches, Greece 674
secondary smoke & birth weight 855
textiles for hand & body protection 164

Fenamiphos
persistence in soil 181
Fenitrothion
Cd interaction in a spider & a fly 586
Flumetsulam
persistence & mobility in soil 785
Fumonisin
processing effect in corn 471

Heavy Metal
Al + glutathione transferase in mussel 147
algicidal structure activity of organotin compounds 756
As, Cr, Cu leaching in soil 808
As in groundwater, Bangladesh 538
Cd accumulation to vole fetus 829
Cd & genetic response of barley 219
Cd, Cr, Cu toxicity to teleost 294
Cd, Cu, Pb in *Artemisia* spp, Canada 644

Cd, Cu, Pb, Zn in aquatic plants, India 649
Cd effect on teleost digestive enzymes 302
Cd induced apoptosis in glial cells 335
Cd removal by cyanobacteria 632
Cd seasonal variation in plant leaves 320
coffeeweed Pb extraction of soil 624
Cr +3 & +6 toxicity to cyanobacteria 286
Cu effect on lipid peroxidation & glutathione 885
Cu, Fe, Zn in pekmez, Turkey 330
Cu oxychloride toxicity to tadpole 415
Cu tolerance of *Chlamydomonas* 546
differentiating metal & ammonia toxicity 576
effect on beetle population 243
Hg in bullfrogs, Nevada, USA 210
Hg & sevin, *Galeus melastomus* liver 516
Hg in shipyard worker blood & hair 8
Hg in soil & cassava, Ghana 228
in bone & liver of human neonates 1
in Cuvier's beaked whale 662
in fish, pristine rainforest, Peru 523
in human hair, Mersin, Turkey 15
in molluscs, Poland 509
in rice & pulse, Samta Village, Bangladesh 323
in soil & cassava, Ghana 638
in seafood process water 530
in spinner dolphins, California 408
Pb & ATP*ase* in *Pimephales* gill 384
Pb in bird liver, Canada 309
Pb isotopic characterization 501
Pb plus humic acid & duckweed growth 655
tolerance of alderfly & pH 370
Herbicide
adsorption of paraquat onto bleaching earth 189
flumetsulam persistence in soil 785
toxicity to *Myriophyllum aquaticum* 601
water solubility & *Chlamydomonas* response 554
HMX
toxicity to soil microbes 97
Human
age & serum organochlorines 22
amines in cooked foods 682
asbestos in air during plaster removal 712
chemical transfer from carpet 436
dental impression material cytotoxicity 350
Hg exposure Rio Branco City, Brazil 314
heavy metals in hair, Mersin, Turkey 15
heavy metals in neonatal bone & liver 1
PCB risk reduction for children 847
pesticide exposure in greenhouses 342
pesticides in drinking water, Jaipur, India 49
pesticides in farmers' homes, NY, USA 155

pesticides in infant formula, India 667
secondary smoke & birth weight, Turkey 855
textiles for hand & body protection 164
Humic Acid
Pb & duckweed growth 655

Irgarol 1051
fate & toxicity in a microcosm 696
Isoxaben
biodegradation in soil 779

Lanthanum
growth of wheat 727
Lead
ATPase in *Pimephales* gill 384
blood & hair, shipyard workers Sabah, Malaysia 8
coffeeweed extraction of contaminated soil 624
in *Artemisia* spp, Canada 644
in aquatic plants, India 649
in bird liver, Canada 309
isotopes in white paint 617
isotopic characterization 501
plus humic acid & duckweed growth 655

Malathion
persistence in tomatoes 479
Mercuric Chloride
selenium dioxide & bacterial growth 900
Mercury
human exposure Rio Branco City, Brazil 314
in bullfrogs, Nevada, USA 210
in surface soil & cassava, Ghana 228
speciation & liver content, *Galeus Melastomus* 516
Methamidophos
movement & persistence in agroeco system 444
persistence in tomatoes 479
Model
$^{134}$CS & $^{85}$SR transfer model 817
Monocrotophos
inhibition of fish plasma cholinesterase 356

Nickel
phytoremediation 74

Octahydro, tetranitrotetrazocine
toxicity to soil microbes 97
Oil
bunker A & bunker C toxicity to copepod 104
degradation of aromatic & asphaltenic fractions 835
effects of relevant levels of weathered oil in mink 593

Organochlorine
human age & serum content 22
human fat, Minsk, Republic of Belarus 30
PCB effect on ecdysteroid gene experession 763
pesticides in Connecticut, USA birds 452
pesticides in peaches, Greece 674
pesticides in water & sediment, Inner Annatolia, Turkey 236
rat testes toxicity of dicofol 741
tuna, Mediterranean Sea 800
Oxyfluorfen
degradation by *Azotobacter chroococcum* 203

PAH
degradation by microorganisms 66
in molluscs, Mexican Pacific 486
in Northern Persian Gulf 704
in suspended particulates, Niteroi, Brazil 173
Parathion
degradation of methyl parathion in apples 771
PCB
effect on ecdysteroid gene expression 763
risk reduction for children 847
tuna, Mediterranean Sea 800
Paraquat
adsorption onto bleaching earth 189
Pendimethalin
persistence in soil 181
Pentachlorophenate
metabolic enzymes as biochemical markers 570
Progesterone
anti activity of tire extracts 863
Pyrene
in fish 494

Sediment
mining spill impact, Spain 129
Selenium
aquatic ecosystems, Chile 139
Selenium Dioxide
mercuric chloride & bacterial growth 900
Sludge
alkaline pretreatment 869
Strontium
$^{85}$SR transfer to fruiting bodies 817
Structure-Activity
biodegradability of substituted benzenes 111
response-surface analysis, benzene derivatives 278
Sulfur Dioxide
bone marrow micronuclei formation, mouse 257
Surfactant
toxicity to macrobes, India 265

Tin
algicidal structure-activity of organatin 756
Trichlorophenol
degradation by River sediment 463

Urea
cartap & fish growth 908

Wastewater
microcosm effects of wastewater 401
Water
As toxicity to aquatic organisms 421
bunker A & bunker C toxicity to copepod 104
chemical ratios & groundwater contamination 793
diazinon in agricultural watercourses 59
differentiating metal & ammonia toxicity 576
extraction methods for pyrethroids 123
fish super oxide dismutase & lipid peroxidation, Nigeria 892
heavy metals in Cuvier's beaked whale 662
heavy metals in molluscs, Poland 509
heavy metals in pristine rainforest fish, Peru 523
heavy metals in seafood process water 530
heavy metals in spinner dolphins, California 408
herbicide water solubility & *Chlamydomonas* response 554
hydroxypyrene in fish 494
Irgarol 1051 fate in microcosm 696
macrophytes as biomonitors for pollution 82
microcosm effects of metal plating wastewater 401
mining spill impact, Spain 129
mussel shell deformites, Malaysia 877
organochlorine pesticides, Turkey 236
PAHs in molluscs, Mexican Pacific 486
PAHs in northern Persian Gulf 704
PCB & organochlorine compounds in tuna 800
pH & metal tolerance of alderfly 370
pesticide residues, Jaipur, India 49
Se in aquatic ecosystems, Chile 139
Surfactant toxicity to macrobes 265
toxicity of pulp industry discharge, Turkey 719
trichlorephenol degradation by river sediment 463
wastewater remediation with photo-fenton reagent 430

Zinc
in soil & cassava, Ghana 638
phytoremediation 74
